

# Frightening fundraising

Get into the spirit of Halloween and help Alzheimer's Research UK to fund vital world-class research to prevent, treat and cure dementia.

- 1** Ask your local cinema to donate tickets for the latest horror film and raffle them off.
- 2** Show episodes of a creepy TV series in your lunch break and charge colleagues to come and watch (remember to check licensing requirements).
- 3** Organise a Halloween fancy dress day and charge a fee to take part.
- 4** Enter a team in a zombie race, search online for your nearest one.
- 5** Hold a murder mystery party. There are lots of free storylines available online, and guests can dress up as their character. Charge a small fee to attend.
- 6** Organise a zombie walk. Ask everybody taking part to dress up and get sponsored.

**With your help we will make breakthroughs possible.**
