Santa Claus is coming...

Join in the festive fun at Christmas time, and support Alzheimer’s Research UK to fund vital world-class research into dementia.

1. Ask for a donation in return for wrapping Christmas presents.
2. Set up a memory tree. People donate to hang their favourite memory on the tree using a gift tag.
3. Sell festive cakes, biscuits, cards or Christmas decorations.
4. Ask colleagues at work to donate their last hour of pay before Christmas.
5. Organise a school dinner themed meal with some canteen classics! Ask friends to make a donation for their food.
6. Collect any unwanted presents after Christmas and sell them at a car boot sale or on eBay. Donate the proceeds to Alzheimer’s Research UK.

Thanks to your help we can make breakthroughs possible.
