

# BRAVE IT FOR A BREAKTHROUGH BUNTING

**YOU CAN LIVEN UP ANY FUNDRAISING EVENT WITH OUR FREE DOWNLOADABLE BUNTING TEMPLATE.**

Simply follow the five easy steps below to create your own Alzheimer's Research UK bunting:

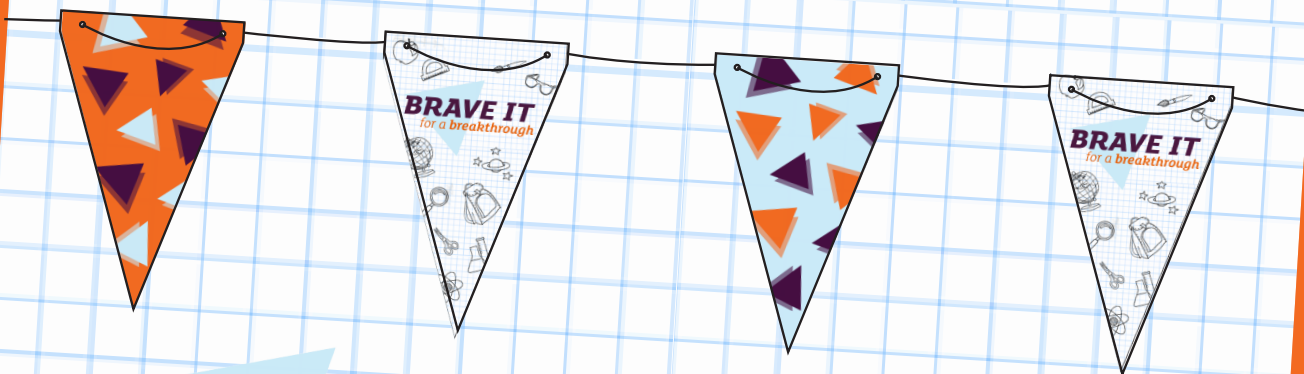

1. Print off the bunting template below, remembering to print it in colour and single sided.
2. Using scissors, carefully cut around the template. The end result should look like this (below). Now fold down the middle to make a double sided flag.

Note: When cutting out your bunting, don't cut through this thick line - it holds each flag together.

3. Glue the two halves together.
4. Create two holes with a hole punch along the top edge of the template.
5. Slide the flags onto a length of string or ribbon (hint: once you have threaded a flag on, tie a knot behind each hole to keep the flag in place).

**NOW HANG YOUR BUNTING FOR ALL TO SEE!**
