- 2nd Place – 3 points

Setup

1. Decide how long teams will have to create their works of art – *we suggest three minutes.*
2. Who will judge the final masterpieces? This could be yourself as Quizmaster, or another impartial judge.
3. Make sure each team has a pen and paper.
4. Introduce the challenge with the following (*fill in the blanks beforehand*):
“Teams, for your next challenge you must use your artistic skill to draw a picture of the Quizmaster – me. You can draw a portrait or depict me in a scene, but it must be recognisable as me. You will have ____ minutes to create your masterpieces. Your art will then be judged by _____, based on recognisability and artistic merit. You will each hold your piece up to the camera, for them to be judged.”
